

# Home Learning Journey

## Choose some fun ideas to try at home

<p>☀️ Read Read Read Try to read every day! Keep a record of your reading in your home learning book. Any book you read is great, or get an adult to read to you. (It doesn't need to be a school book) or try <a href="http://sunshineclassics.co.nz">sunshineclassics.co.nz</a></p>	<p>☀️ Fitness Fun Do an outdoor activity with a family member e.g. walk, ball game, gardening</p>
<p>☀️ Spelling Bee Practise a new word from the word list on the school website. Write it down, say it out loud</p>	<p>☀️ Act of Kindness Do something to help out at home</p>
<p>☀️ Autumn Fun Go for a walk and collect Autumn leaves. You could do a leaf rubbing or make a leaf collage</p>	<p>☀️ Email a family member or friend Email or video chat with a family member or friend. Email them or talk to them about how you stay safe online.</p>
<p>☀️ Healthy Lunch Research some healthy lunch ideas. Make a healthy lunch and take a photo or draw it.</p>	<p>☀️ Book Review Read a book and write or tell a family member about what happened and why they should read the book.</p>
<p>☀️ Shoe count Count all the shoes in your house. How many do you have. Can you draw a picture or write a number sentence?</p>	<p>☀️ Build something fun with Lego. Take a photo and make up a story about what is happening.</p>
<p>☀️ Cook or bake something and take a photo or draw what you made</p>	<p>☀️ Number Search Go for a walk and see how many numbers you can find e.g. on houses, signs etc Extra for Experts- Add all the numbers you find and see who gets the highest total or add/take away the numbers you find to try and get to 100.</p>
<p>☀️ Survey Make up a question and survey 10 people by phone. Extra for Experts- Draw a tally chart of your results. What did you find out? Can you make a graph of your results?</p>	<p>☀️ Language Learn to say hello in a new language. You could research some facts about the country.</p>

<p>☀️ Basic Facts  Practise your basic maths facts.  How many ways can you make 7 e.g.  <math>7 + 0 = 7</math>, <math>6 + 1 = 7</math>, <math>5 + 2 = 7</math> etc  Choose an appropriate number</p>	<p>☀️ Ask a question  Practise adding, multiplication and problem solving orally. Ask your child to make up questions for you too e.g.  “If I had 8 apples and ate 2, how many would I have left?”  “What is 2 groups of 3”</p>
<p>☀️ Play a maths game online eg. Maths bingo  <a href="http://www.abcya.com">www.abcya.com</a></p>	<p>☀️ <i>Shake your tail feathers</i> and try some ‘Go Noodle’  <a href="https://www.youtube.com/watch?v=KhfkYzUwYFk">https://www.youtube.com/watch?v=KhfkYzUwYFk</a></p>
<p>☀️</p>	<p>☀️</p>
